Forecast For Wales
Issued by Met Office Exeter
at 0400 on Wednesday 17 Feb 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Windy with sunny spells before rain arrives later.

Today:
A largely dry morning for many with plenty of sunshine. Some lingering showers remain for western areas. Showers clear during the afternoon, although a band of heavy rain will arrive for southern areas by the evening. Windy throughout. Maximum temperature 11 deg C (52 deg F).

Tonight:
Bands of rain moving northwards during the evening, spreading across the country. Rain, heavy at times persists at first, then clears, before returning by the end of the night. Windy. Minimum temperature 7 deg C (45 deg F).

Thursday:
A wet start for Thursday with outbreaks of rain pushing eastwards and spreading across the region. Mostly dry with bright interludes later and some scattered showers. Windy throughout. Maximum temperature 9 deg C (48 deg F).

Outlook for Friday to Sunday:
Outbreaks of rain, heavy at times accompanied by strong winds on Friday. Further wet and windy weather over the weekend with some occasionally drier spells and feeling very mild.
